

ZOEKSTRATEGIE NHG-STANDAARD PIJN (M106)

Het aantal gevonden artikelen per specifieke zoekvraag staat vermeld tussen vierkante haken.

Relevante artikelen die verschenen na de specifieke searches zijn in voorkomende gevallen uiteraard ook meegenomen. Nieuwe artikelen werden getraceerd door de searches te herhalen voorafgaand aan het interne overleg over de concept-standaard. Het selectie- en beoordelingsproces bij de nieuw gevonden artikelen was hetzelfde als bij de initieel gevonden artikelen.

Oriënterende searches, juli – augustus 2012
